I have the honour to forward herewith a blue print of the existing type design of the Local Fund Dispensaries in the State making thereon in red colour the proposed waiting room for women in the right hand corner of the front varandah by screening off a portion of the same. A new ~~MAY~~ doorway in the Dispensary has been provided in place of a window as shown in the plan to afford access from the prescribing room direct to the compounding room. Steps are also provided at the extreme right end of the Varandah for the exit of patients after obtaining medicines, so that they may not have to go through the Prescribing Room or the Waiting Room once again.

If you agree with the modifications now proposed on the old type design, the approval of Government may kindly be obtained to the same and communicated to this office. On receipt of information from you, the Executive Engineers of the several Divisions will be instruc to make the necessary additions in all the Local Fund Dispensaries.

The extra cost on account of these improvements will be about Rs 50 as per detailed estimate herewith enclosed which may be kindly returned countersigned.

IMMEDIATE. Dated Bangalore, 26th July 1927.

Dear Mr. Ranga Rao,

Your D.O.letter No.G.887-Med.77-26, dated 22nd July 1927. As the expression "combined dispensaries" does not appear in my letter No.G.C.238-12, dated 13th July 1927, I believe you refer to the title of the plan as printed by the P. W. Department. The expression "combined dispensary" is understood to have been used by that department to denote structures intended for dispensaries with which are combined wards for the accommodation of male and female patients (one or two of each sex), to distinguish them from structures meant for use as dispensaries only. Both classes of institutions come under "Local Fund Dispensaries'

The correct title should be "Local Fund Dispensary with In-patients' Wards."

The plan is returned herewith.

Yours sincerely,

Senior Surgeon.
